In Western States.

National Headquarters  
Go to Chicago.Little Effort to Carry  
Eastern States.Bryan Receives Congratula-  
tions of His Friends.Delegates Have All Deserted Kansas  
City—Convention Aftermath.

Kansas City, Mo., July 7.—(Spl.)—National Committee man Johnson, who will be at the head of the Executive committee, said today that the headquarters would be in the Unity building, Chicago, and that the chief campaign work would be in the Western States. No branch headquarters will be opened in New York or any other Eastern cities and no effort will be made to carry any of the States East of Ohio.

The conference committee from the Silver Republicans, the Democrats and the Populists, in session until early this morning agreed on a plan of campaign whereby their respective political work is to be run in harmony. An advisory committee of three members from each of the three parties was appointed; and this committee, wherever possible, will work to effect fusion on State and Congressional tickets.

It is reported that Chairman Jones intends to appoint an advisory committee of which ex-Governor Altgeld of Illinois, is to be a member. Governor Altgeld it is said is to be urged to take an active part in the campaign.

It was also said Chairman Jones intends to appoint Senator Teller, of Colorado, and Charles A. Towne, of Minnesota, on the advisory committee.

## INTERESTED LADIES

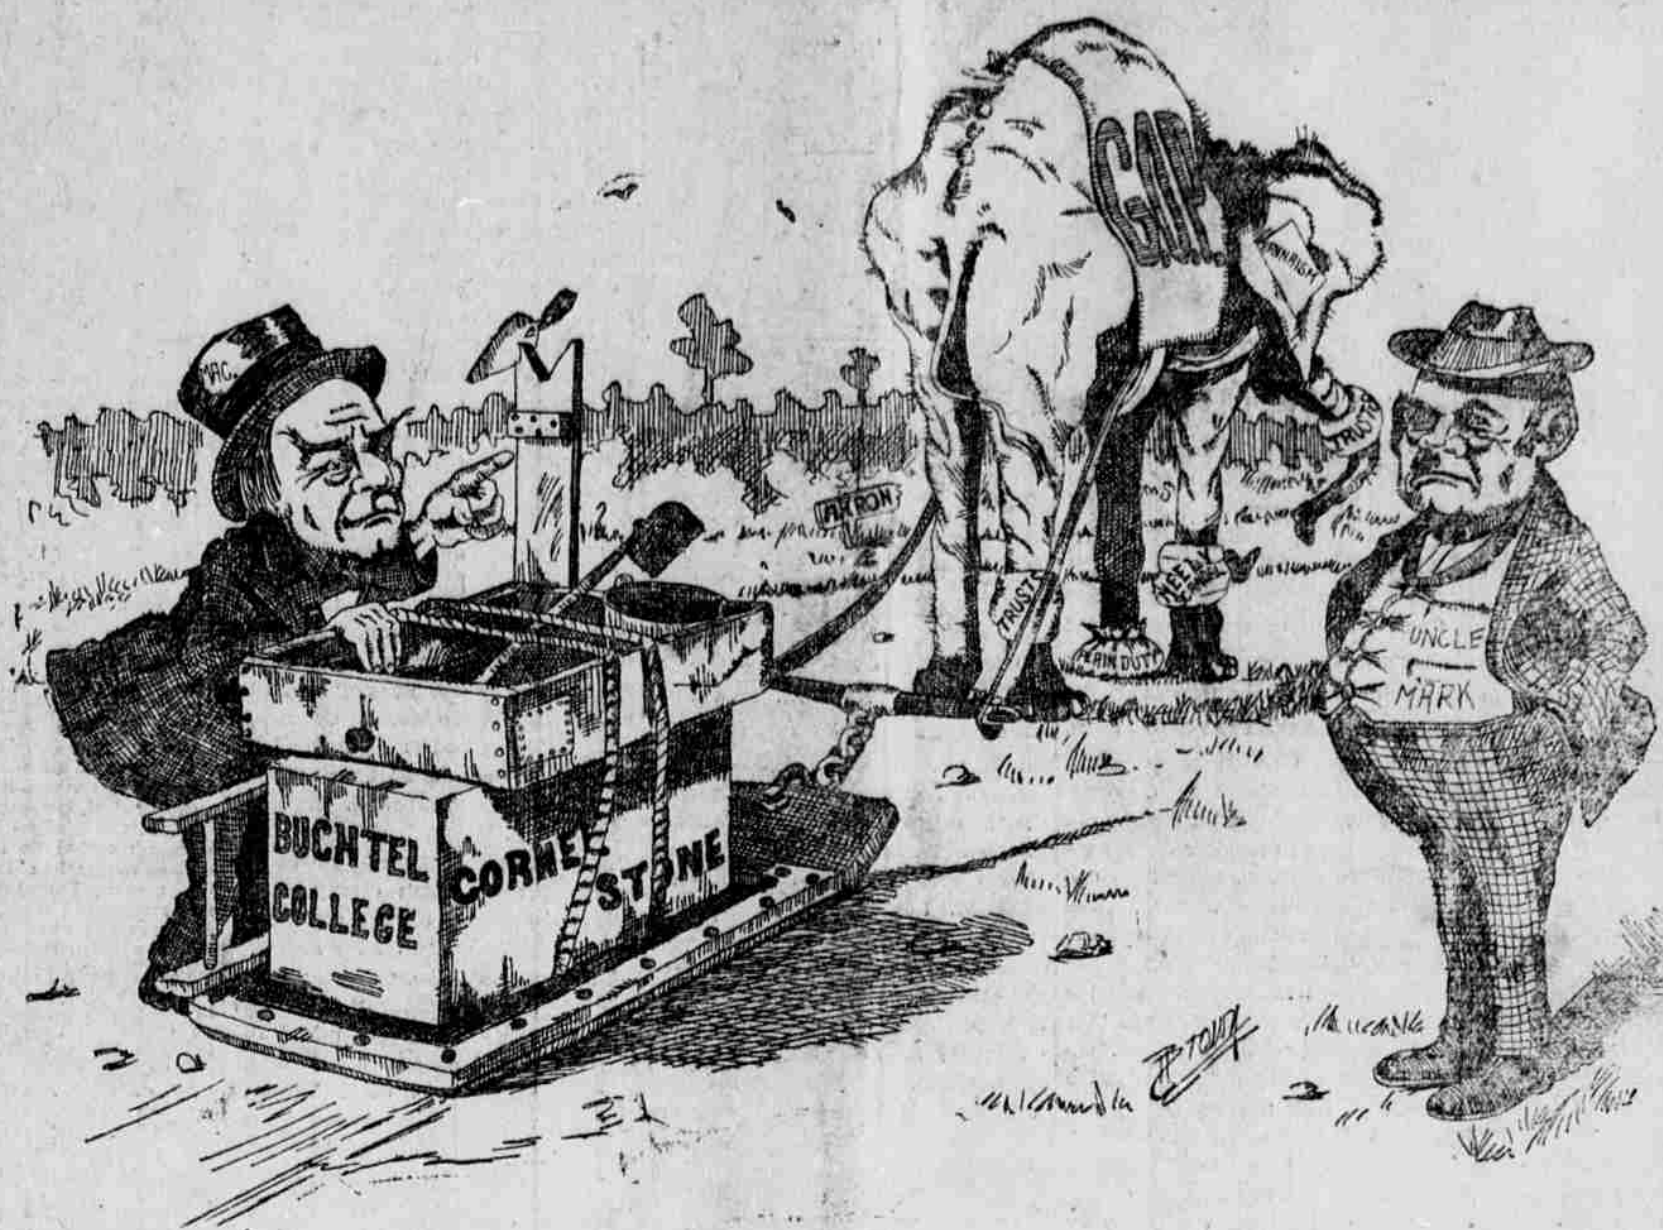

Working in a Good Cause.

"In the institution where I am employed as nurse (The Home for Aged Women) we find many ladies suffering from gastric trouble caused by coffee. My own personal experience is that since a child I have been a moderate drinker of coffee but most of the latter years have suffered from acidity of the stomach, sluggish liver and nervousness.

I finally gave up coffee entirely, about three years ago, using hot water in its place. Of course, after removing the cause, the symptoms disappeared, but I seemed to need a beverage more strengthening than hot water, as my occupation of nurse required considerable exertion. I began to look about for a suitable breakfast beverage and undertook the preparation of one by brewing some wheat berries and using that as coffee, but the result was far from satisfactory. Finally I came across Postum Food Coffee, on a visit at my home in Roselle, N. J., and found it exactly fitted the case.

"I have been using it regularly and introduced it to our institution. When it was first served, it was not satisfactory, but I looked into the matter and insisted upon having it boiled fully fifteen minutes after the actual boiling had started, and counting the time that it was on the stove before boiling began. The next time it appeared you would not think it was the same article, it was so much improved. Several of the patients decided to use it to the exclusion of coffee and I found that its use reduced the number of cases of indigestion. The result has been very gratifying, and for two years now, Postum Food Coffee has been in daily use at the Home.

"Mrs. Matilda Seaver and Miss Anna Merrill are desirous that their names be used to help forward the good cause. My mother has been greatly helped by the discontinuance of coffee. She was formerly subject to cramps but they have entirely disappeared since she has abandoned coffee and taken up Postum Food Coffee. Respectfully, Miss E. Stryker, Elizabeth, N. J."

NO POLITICS IN IT, AND UNCLE MARK WILL NOT ASSIST IN LAYING CORNER STONE OF BUCHTEL COLLEGE

was at Lake Minnetonka with the family of his son-in-law. He said:

"This comes as a great surprise to me. I was not a candidate at any time, and never expected to be nominated. But, of course, I shall accept the call of my party.

"Indorse the platform? Of course I shall. How else could I accept? I believe the Democrats generally will support the ticket. I had expected to do some campaigning any way, but now I shall do a great deal more."

## NORMAL ASPECT.

Kansas City Has Resumed It—Crush  
at Depots.

Kansas City, Mo., July 7.—(Spl.)—The delegates to the great National Democratic convention have practically all left the city. There were few who cared to remain after the adjournment had taken place. The city has again resumed its normal every day life. The convention was a gold mine for the hotels and merchants whose bank accounts have been swelled to gigantic proportions as a result of the visit of so many strangers.

The jam and crush that has existed during the last three days in the great convention hall was transferred to the Union depot, where the delegates gathered in great crowds waiting for their trains. Before the convention had actually adjourned many of the delegates had left the hall and were making a rush for their railroad ticket offices and to their hotels for their luggage.

The heat during the last three days has been quite oppressive, and there was no time lost by the members who thought they had a better climate at home, in making preparations to leave. By midnight nearly two-thirds of the crowd had left the city, and by noon today Kansas City was deserted.

## BRYAN BESEIGED.

Many Call to Offer Congratulations—  
Message to Stevenson.

Lincoln, Neb., July 7.—(Spl.)—Mr. Bryan had a number of callers today, all coming to extend congratulations and express gratification over his nomination. There was more interest locally in the outcome of the struggle for second place than in Mr. Bryan's nomination. When the bulletin came announcing the selection of Hon. Adlai E. Stevenson, Mr. Bryan expressed his pleasure, and soon after dictated the following:

"Mr. Stevenson is an excellent man for the place. He supported the ticket in 1896 and can defend the platform of 1900. Towne would have strengthened the ticket in the states where there is fusion between the Democrats, Populists, and Silver Republicans, but the support given Mr. Stevenson shows the convention thought Mr. Stevenson the more available man. The choice has fallen upon one who is in every respect worthy of the position."

Mr. Bryan then sent the following telegram:

"Lincoln, Neb., July 6, 1900.  
Hon. Adlai Stevenson, Bloomington, Ill."

"Accept congratulations upon your nomination. It was a deserved recognition of party service. W. J. Bryan."  
All through the day telegrams of congratulation poured in on the Presidential candidate, among them being messages from O. H. P. Belmont, W. R. Hearst, Norman E. Mack, of Buffalo, N. Y. Among Mr. Bryan's callers were H. B. Paul and J. S. Smith, of New Jersey, who came in from Kansas City. They told Mr. Bryan the Democrats were hopeful of carrying the State for him, and they believed New York without doubt, would be Democratic.

## SENATOR JONES

Re-Elected Chairman of Democratic  
National Committee.

Kansas City, Mo., July 7.—(Spl.)—The national committee met almost immediately after the adjournment of

the Democratic convention.

Thomas Taggart, of Indiana, who has been mentioned as a possible chairman, nominated Senator Jones for reelection, and he received the unanimous vote. The Senator was sent for and in accepting the chairmanship, said that the committee entered the campaign in much better shape than four years ago. Then the members were all new and untried in party affairs, which had been in the hands of men who were overthrown in the great issues dominating the 1896 convention. Now they had a complete organization and were ready to go ahead and make the best fight possible. He complimented the action of the convention both as to platform and the candidates.

The matter of selecting the executive committee was left to Chairman Jones, who will make the appointments after he has time for consideration. It is understood that many members of the last committee will be chosen. A committee composed of Messrs. Tillman, Johnson, Osborne, and Wilson was appointed to confer with representatives of the Populist and Silver Republican parties as to the best plan of campaign.

A delegation from Columbus, O., presented the claims of that city for the headquarters of the campaign. The matter was referred to the executive committee, but Senator Jones told the delegation that the city which presented the best facilities for carrying on the campaign would be selected whether the committee liked the city or not.

The national committee met Friday evening and adjourned to give the sub-committees from the three parties time to confer. These sub-committees then entered upon a general discussion of the situation which the three conventions had created. The Populists and Silver Republicans want representation on the executive committee which is to have the management of the campaign.

## SILVER REPUBLICANS

National Committee Elected C. D.  
Tillotson Chairman.

Kansas City, Mo., July 7.—(Spl.)—The National committee of the Silver Republicans organized by electing D. C. Tillotson, of Kansas, chairman, and General E. S. Corser, of Minnesota, secretary and treasurer. The selection of an executive committee was deferred.

Senator Dubois offered a resolution asking the support of the Silver Republicans to Adlai E. Stevenson, but there was opposition and action was postponed until after a conference with the committee appointed by the Democratic convention.

The National committee of the Silver Republicans decided late last night to endorse Stevenson. The Populist committee is still in session.

## STEVENSON'S

Sister In Akron.

Guest of Her Daughter,  
Mrs. H. L. Snyder.Says His Nomination  
Was Unsolicited.Was Urged to Accept Nomina-  
tion For Governor.His Political Career Has Been Very  
Successful.

Mrs. E. S. McCaughey, of Chicago, is visiting her daughter, Mrs. Harry L. Snyder, of 111 Aqueduct st.

Mrs. McCaughey is the only sister of Hon. Adlai E. Stevenson, who was nominated by the Democratic party for Vice President of the United States at Kansas City, Friday. Mrs. McCaughey was seen by a reporter for the Democrat, Saturday. She is a tall, stately woman with silver hair and bears a resemblance to her distinguished brother. To the reporter Mrs. McCaughey talked pleasantly of her brother's domestic life, touching but lightly upon his successful career.

"My brother visited me in Chicago about three weeks ago," said Mrs. McCaughey. "At that time he spoke about living the remainder of his life in retirement and I think the nomination was a surprise to him. He certainly entertained no such idea before the convention, and the honor came to him unsolicited. Since his term as Vice President expired four years ago, he has lived quietly in Bloomington, Ill., and has not taken an active interest in politics. He has retired from the practice of law, his legal services having been retained by an Eastern company. President McKinley appointed him a member of the Monetary Commission, and after his duties were finished, his family joined him in Europe and they traveled on the continent."

The following brief biography was given by the sister of the ex-President: Mr. Stevenson was born in Christian county, Ky., 64 years ago. At the age of 16, accompanied by his parents he came to Bloomington, Ill. He attended Centre college, Danville, Ky., while there he met Miss Letitia Greene, daughter of Dr. Greene, president of the college, and she afterward

became his wife. They have two daughters, Mrs. Hardin, wife of Rev. Martin Hardin, of Minneapolis, and Miss Letitia Stevenson. An only son, Mr. Louis Stevenson, formerly his father's private secretary, is in New Mexico.

Mr. Stevenson was elected to Congress from a strongly Republican district. He served with President McKinley in the House and they are warm friends. He is a member of the Presbyterian church. He is a Mason and also belongs to the Phi Delta Theta college fraternity.

The Democrats of Illinois recently urged Mr. Stevenson to accept the gubernatorial nomination in that State, but he refused.

To China as Soon as It  
Is Possible.Conference of Officers  
and Sec. Hay.Boxers Will Try to Starve Out  
the Legations.Nothing Encouraging In Any Reports  
Received Today.

Washington, July 7.—(Spl.)—Secretary Root had an important conference with Major Gen. Otis on the question of sending a large military force to China and on the general conditions in the Philippines. The question of withdrawing troops from the Philippines for service in China was the most important under discussion. General McArthur has protested to the Secretary of War against a further reduction at this time of his military force and complained that the withdrawal of the Ninth Infantry might affect the free acceptance of the amnesty proclamation already issued. General Otis sustained General McArthur in the position that the troops should not be withdrawn from the Philippines and it was decided that General McArthur's force will not be further drawn upon to supply troops for service in China. This conclusion is considered vitally necessary at this time as the Philippines have had under consideration for several weeks the general amnesty proclamation and any withdrawal would, in the opinion of General McArthur and General Otis, be followed by efforts on the part of the insurgent leaders to reorganize their forces and open hostilities anew.

Plans for sending additional troops to China, under tentative orders for the Philippines are still under consideration by the Secretary of War. Adjutant General Corbin announced this morning that the order designating certain troops for service in the Philippines to go by way of Nagasaki, Japan, would be made public today, but at a late hour yesterday Secretary Root decided not to approve the schedule submitted by General Corbin until he conferred with Major General Miles and General Otis.

## Legations Were Standing.

Washington, July 7.—(Spl.)—The following bulletin was posted this morning by the department of state:

"A dispatch has been received this morning at the state department from Manila dated on A.C.I.D. 7th, 1900. Minister Goodnow, consul general at Shanghai, saying that the legations were still standing July 3, and that the recent attacks of the Boxers have been slight. They seem disposed to adopt starvation methods."

It appears from the conference held last night between Secretary Root and Major General Otis that the United States will not wait for action by the other powers before increasing its military force in China. It has been the opinion of cabinet officers that the United States had sent to China an adequate military force composed of the marines, the Ninth Infantry from Manila and the Sixth Cavalry from this country, but the determination to send additional regiments is based on information received within the past two days that the revolt is likely to spread to southern China and involve the entire Chinese empire. To be prepared to meet such a serious situation, it is considered necessary to send a much larger force and the conference last night was to determine if part of this force should go from the Philippines or from the United States.

It has now been determined to order the entire regiment of the 15th Infantry to Nagasaki instead of only two battalions as was contemplated in the order issued Thursday.
